

Addendum # 1
Maybinton Site Work
Newberry County Bid # 2010-01
February 1,2010
Newberry County, SC

Addendum # 1 Outline:

This addendum revises and/or clarifies the scope of work as originally solicited.

Included in this addendum - Clarifications on scope, pipe schedule, deletion of matting, encroachment permit requirements and bid date change.

1. The contractor will move and stockpile the existing mulch on site to the north east corner of the property. This can be as close to the site work area as feasible to allow work to proceed.
2. This mulch will be used for erosion control in lieu of the matting as shown on the drawing. Contractor will include evenly spreading this amount of mulch in the drainage swales.
3. The check dams are deleted for the bid.
4. The pipe schedule in the upper left of the drawings does not pertain to this scope of work. The contractor will be installing the owner supplied 18" concrete pipe at the basin and supplying and installing the 24" reinforced concrete pipe at the highway entrance.
5. The encroachment permit requirements will be posted on the County purchasing web site as soon as possible.
6. The contractor may supply an alternate, SCDHEC approved, outlet structure.
7. The bid form is revised to reflect acknowledgement of addendum by the contractor.
8. The bid due date has been revised to February 10, 2010 at 3: pm.
