

## School Board

- File by petition with our office
- Pay \$100 filing fee at the time of filing. We accept checks or cashier's checks; we are not allowed to accept cash.
- Petition should have candidate's name, age, election district in which they reside/seek election, voting precinct, period of residence in county and election district.
- Petition should have not less than 2% of voters in election district. We always recommend getting more (10%) so that if some signatures are determined invalid the candidate will not be disqualified.
- Filing period opens at noon July 1st and closes at noon on July 15th. We will verify petitions between that time and August 15th, when we must submit ballot information to the State Election Commission.
