**2. Discussion of Project Prioritization/Scoring**

Mr. Adams reported that there will be nine (9) project presentations seeking sponsorship from County Council tonight. There are twelve (12) other projects seeking sponsorship from either a municipality or from the water and sewer authority. There is 60 million dollars' worth of projects being requested against the 17.5 million in funding. Council will begin the process of deciding which projects it will recommend to the CPST Commission for funding and also to prioritize these projects. Scoring sheets have been provided for each of the nine (9) projects and they will be ranked; however, this will not be done tonight. The purpose tonight is to hear the presentations and to ask questions and gather information. The projects are not due for submission to the CPST Commission until March 14, 2016.
